RE: Text Amendments to Articles 9, 10, and 11 of the UDC

Attached is a copy of the proposed amendments to Articles 9, Environmental Protection, Article 10, Project Design and Construction Standards, and Article 11, Erosion Control and Stormwater Management, of the Unified Development Code for consideration at the September 3, 2019, BOC meeting.

In Article 9, the following edits have been made:
- The definition for “generalized wetland map” was revised to include any updates to the map
- Outdated departmental staff titles were revised and updated

In Article 10, the following edits have been made:
- Revised major subdivision maintenance period provisions
- Revised cul-de-sac ROW width requirements
- Increased the number of residential lots allowed on a paved private drive
- Outdated departmental staff titles and diagrams were revised and updated
- Ambiguous language was clarified

In Article 11, the following edits have been made:
- Updated Division IV (Flood Damage Prevention) in accordance with the recommendations of the Georgia Department of Natural Resources
- Outdated departmental staff titles were revised and updated

The Planning Commission considered the proposed amendments at the August 19, 2019, PC meeting and recommendations from the Planning Commission are attached here. Comments from the County attorney have been incorporated into the attached text and all changes have been highlighted. Please feel free to contact me should you have any questions or if you would like to discuss the proposed amendments.

Re: Mars Hill / SR53 Improvements-Phase II
   CSSTP-0009-00(011) Oconee County
   CO #14- Plans from Shelf to Letting including Environmental Process

Dear Mr. Woodall,

Construction plans and specifications for the referenced project were submitted two years ago and shelved by GDOT. We are excited that the construction phase is now funded and look forward to the successful completion of this important project. Outlined below are the tasks that will be necessary to let this project to construction in January 2021 (per latest schedule from GDOT):

Traffic Projections
We will be required to update all traffic projections for a new design and opening year. These updated traffic numbers will require updates to the air and noise studies as well as the asphalt pavement design.

Field Survey Updates
Due to new pavement construction at Hog Mountain Road and at the UGA Experiment Station entrance, these areas will need to be re-surveyed. Roadway cross sections and asphalt levelling quantities will then need to be updated as well.

Environmental Technical Studies
Ecological field surveys and delineations for the full project corridor were last conducted in May 2010. These surveys are generally valid for five years, and therefore, additional ecological surveys need to be conducted to validate previously delineated resources and identify and delineate new resources if present within Phases II and III. Archaeological surveys are needed to meet current GDOT standards at intersection tie-ins. History surveys are needed to assess the National Register of Historic Places (NRHP) eligibility of the resources that were less than 50 years old during previous surveys but are now 50 years or older within Phases II and III. The additional surveys will also document resources that will be at least 50 years old in the next five years such that additional assessments would not be needed for a period of five years. All NRHP eligible resources will be assessed for the project’s potential to cause effect. As noted above, Air study will be updated per the updated traffic and procedures. A NEPA Reevaluation will not be required.

Plan updates
All side barriers will need to be updated to GDOT’s new standard for MASH compliance (slant faced), requiring updates to the roadway cross sections, typical sections, and quantities. Minor drainage revisions will be necessary to tie with recent construction. Per recent directive from
GDOT, all temporary drainage must be shown in the staging plans, staging cross sections, drainage profiles, and itemized in the project quantities. Erosion control plans (general notes, checklist, and BMP codes) will need to be updated per latest EPD and GDOT standards.

**Hold Public Information Open House (PIOH) Meeting**
Due to the length of time the project was on the shelf, GDOT requires a PIOH be held. The preparation of advertisement and handouts and exhibits on aerial base will occur with staff attending the meeting. No comments will be taken.

**Supplemental Final Field Plan Review (SFFPR)**
Due to the length of time the project was on the shelf, GDOT has stated that an additional field plan review will be required. The plan package (Plan PDF’s, Special Provisions, Cost Estimate, Earthwork Calculations) and other checklist items will be prepared. MA will attend the SFFPR, respond to comments, and make requested plan changes.

**Prepare 404 permit and Stream Buffer Variance (SBV)**
A 404 permit authorization letter for Nationwide Permit 14 was obtained for the project in 2014. The Nationwide Permit program that authorized this permit expired in 2017, and a new program is currently in place. In addition, the US Army Corps of Engineers Savannah District updated the Standard Operating Procedures (SOP) for compensatory mitigation calculation. Therefore, the project will require a new 404 permit to impact waters of the US in Phases II and III with compensatory mitigation calculated using the updated 2018 SOP. A GA Environmental Protection Division (GAEPD) SBV was obtained for Phase I in 2014. SBVs are applied for and obtained by project phases. A GAEPD SBV will be obtained for non-exempt buffer impacts for Phase II.

**Final Plans Submission**
MA will be required to submit 10 sets of plans to GDOT for final distribution prior to letting. There is a new requirement to provide a 3D model of the proposed roadway; however, GDOT has agreed that this would not be necessary for this project.

**Project Management**
GDOT now requires substantial project management that includes monthly coordination meetings with all disciplines present, monthly P6 schedule updates, and continuous coordination with Program Delivery staff (e-mail, etc.).

A detailed estimate of costs and hours associated with the above tasks is attached. The requested supplement totals $216,257.60. This estimate does not include ‘Post Design’ services (shop drawing reviews, responding to contractor questions on construction, etc.). This would be an additional $26,000 that would be necessary prior the project letting in January 2021. If you have any questions or need additional information, please do not hesitate to call.

Sincerely,

M.J. Sheehan, P.E.

SUBJECT: Oconee Civic Center SPLOST Update

ISSUE SUMMARY:
The 2015 SPLOST contains an allocation for Civic Center Renovations. Multiple ideas were contemplated for the renovations, including the construction of additional dressing and storage areas. Due to quickly advancing new construction prices and to best serve the community, it is recommended to remove new construction and proceed with a total "facelift" of the existing building. The projected amount of allocation is now approximately $1.2 million.

RECOMMENDATION:
Staff recommends issuing an RFP for Civic Center Renovations to refurbish and modernize the existing facility. The request shall include the design and completion of the following work:
1) Complete redesign and refitting of the HVAC system.
2) Complete replacement of the lighting systems throughout the building.
3) Complete painting inside and outside the building.
4) New flooring throughout the building.
5) Complete renovation of all bathrooms.
6) Concession Stand and Kitchen upgrades.
7) Office renovations.
8) Theatrical Rigging renovations.
9) Audio/visual, lighting and sound equipment upgrades.
10) Landscape and parking lot improvements.
11) Insulate and install weather stripping throughout the building.

FINANCIAL IMPACT:
The above list will be prioritized with the HVAC and lighting systems at the top utilizing 2015 SPLOST funding.

ANALYSIS:
The Oconee County Civic Center is now 26 years old. During that time several new parks have been planned and built, the Libraries have been renovated, a new Jail and new Animal Shelter have been built, and the Courthouse has been enlarged and renovated. The Civic Center has never had a major renovation. This work needs to be done as soon and efficiently as possible to maintain competitiveness with other facilities and provide adequate facilities for the community. The Civic Center has currently set aside June 8th through August 30th of 2020 to accomplish this work.
NOTICE OF PROPERTY TAX INCREASE

The Oconee County Board of Commissioners has tentatively adopted a 2019 millage rate which will require an increase in property taxes by 6.46 percent for the unincorporated areas and 7.93 percent for the incorporated areas.

All concerned citizens are invited to a Public Hearing on the tax increase to be held in the Commission Chambers at the Oconee County Courthouse, 23 North Main Street, Watkinsville, Georgia on August 6, 2019 at 6:00 p.m.

Times and places of additional Public Hearings on the tax increase are at the Commission Chambers at the Oconee County Courthouse, 23 North Main Street, Watkinsville, Georgia on August 27, 2019 at 11:00 a.m. and August 27, 2019 at 5:30 p.m.

UNINCORPORATED

The tentative increase will result in a millage rate of 6.686 mills, an increase of .406 mills. Without this tentative tax increase, the millage rate will be no more than 6.280 mills. The proposed tax increase for a home with a fair market value of $350,000 is approximately $56.03 and the proposed tax increase for non-homestead property with a fair market value of $350,000 is approximately $56.84.

INCORPORATED

The tentative increase will result in a millage rate of 7.626 mills, an increase of 0.560 mills. Without this tentative tax increase, the millage rate will be no more than 7.066 mills. The proposed tax increase for a home with a fair market value of $350,000 is approximately $77.28 and the proposed tax increase for a non-homestead property with a fair market value of $350,000 is approximately $78.40.
## NOTICE

The OCONEE County Board of Commissioners does hereby announce that the millage rate will be set at a meeting to be held at the Courthouse Commission Chambers on August 27, 2019 at 6:00 p.m. and pursuant to the requirements of O.C.G.A. § 48-5-32 does hereby publish the following presentation of the current year’s tax digest and levy, along with the history of the tax digest and levy for the past five years.
