

Farmland Protection Committee meeting August 1, 2019

Attendance by all members of the committee

Sam Mitchell moved that the committee adjourn into Executive Session to discuss financial aspects of land acquisition for the Farmland Protection program. The motion was seconded by Delmar Finco and approved unanimously. The Executive Session began at 10:08 AM and was adjourned at 10:45 AM.

Dr Ludwig advised committee members via E-mail that Chairman Daniell wishes the committee to proceed with deliberations despite no Oconee County funding. Consequently, 5 farms were visited during the week of August 4 and applicants had the opportunity to display their farmland and to seek clarification of any aspect of their application. A committee meeting has been scheduled for 10 AM August 16 for tabulation of scores and ranking of applicants.
