

Farmland Protection Committee meeting August 16, 2019

The meeting was called to order by Carole Ludwig. All members of the Committee were present. Minutes of the last meeting were addressed; it was pointed out that Delmar Finco rather than Thomas Verner had seconded the motion for an Executive session. With this correction the August 1 minutes were approved by unanimous vote. The remainder of the meeting was spent using the ACEP ranking form to award points to each of the 5 applicants for Farmland Protection, for each ranking factor. Each applicants total score was tabulated. Results are to be presented to the Board of Commissioners at their August 27 meeting.
