I would like to apply for the following committee:	Recreation Advisory Committee
Do you live within a city/municipality?	No
Briefly explain your educational background	As an eighth generation Oconee Countian, I am proud to live and serve in the community I love. I graduated with honors from Oconee County High School in 2004. I served as the student council president, an Oconee County 4-H Board Member, and a 2002 delegate on the Washington Youth Tour,

and a varsity swimmer. After high school I attended college at Georgia College where I majored in Political Science and minored in Communication. During college I was selected as a Student Ambassador and voted Homecoming King. I graduated with honors in 2008. Throughout my career I've continued giving back to Oconee Schools by volunteering with students, speaking to groups within the schools, and serving as a community reader. I am also a board member of the Oconee High Schools Alumni Association and we work to provide a sense of place and community for our alumni while raising thousands of dollars every year for grants at each school, and teacher recognition. I lead the board's marketing efforts and over the past two years we've been able to donate almost \$10,000 for STEM programs, and special education needs.

Are you the owner or officer in any business or corporation?	No
Is your spouse/immediate family member an owner or officer in a business or corporation?	No
Please explain any previous experience with State or Local Government	I have considerable experience with state and local government. As a news anchor with FOX and CBS for the past 15 years I've had the opportunity to thoroughly examine government budgets and become familiar with a variety of topics that impact constituents. I understand the importance respecting taxpayer money while provide adequate services for the public. Youth safety and development is also very important to me, and I proudly take action when it comes to both. In 2012 I was reporting on the tragic killing of an 11-year-old boy when I uncovered gross negligence by the city's police chief that led to his death. I worked with state lawmakers to create "Andrew's Law" which adds another layer of protection for children of mentally ill parents. I understand firsthand how government, policy, and legislation works. Whether it's public safety, or providing a quality environment for youth to develop, it seems like services become more expensive every year as resources become more limited. I am an innovative problem solvers and will work toward efficient solutions in local government.
Briefly explain why you seek this appointment	I am a proud product of the Oconee County Recreation Department. From the time I was in Kindergarten I was involved with Little League, soccer, basketball, and tennis at Herman C. Michale Park. I know first hand the importance of sports, competition and sportsmanship in preparing young people for life. Personally, my life has been enriched by the

principles and lessons I learned through the Oconee County Recreation Department. I believe I come with a diverse knowledge, experience, and unique perspectives that can help provide similar opportunities for another generation of youth in Oconee. From the parks and facility expansion, to the development of new programs-- I've been impressed by the evolution and development of the parks and rec department over the years. I am looking for an opportunity to serve my home community and give back to a place that's given so much to me. I hope you will consider me for the Recreation Advisory Committee, as I have a deep desire to be a part of such a positive force of change in our community.

If appointed, I agree to serve. D. Adam Hammond
