FIRE STATION 8

Project Summary

The new Fire Station 8 is located at 1600 Virgil Langford Road, Watkinsville.

The 9,286-square-foot station features two drive-through fire bays and one bay for EMS vehicles, as well as a training mezzanine area and utility storage. The living area includes 10 firefighter bunk rooms, restrooms with showers, dayroom/training area, kitchen, watch office, laundry, and turn-out gear locker room. The new station also features a dedicated dayroom, kitchen, and bunk and shower area for EMS staff.
